The ultimate goal of the Hampton Youth Athletic League is to provide a wholesome, happy and beneficial experience for youth who play basketball. The league stresses sportsmanship and improvement more than winning games. Parents and spectators are asked not to interfere in any way during the course of the games. Foul language, abusive language, unsportsmanlike conduct or arguments with an official or coach will not be tolerated. The bottom line is there will be a no tolerance policy for unsportsmanlike behavior.
